JULY 2024

Happy SUMMER!

Exciting Insights from Our Annual Tenant Town Hall!

We recently held our annual Tenant Town Hall at HOTT, and what an evening it was! It was fantastic to see so many of our residents join us to share their valuable feedback and perspectives on how we're doing as an organization.

At the Town Hall, residents had the opportunity to interact directly with our staff, discussing various aspects of community life. We displayed thought-provoking questions on large paper boards around the room, encouraging everyone to voice their opinions on specific topics. For those who preferred anonymity, we provided an anonymous box to ensure every voice could be heard.

This year, their feedback has been nothing short of inspiring! One of the standout changes based on resident suggestions is our switch from in-house cleaning staff to a dedicated company. We're thrilled to hear that this change has been met with such enthusiasm from both residents and staff, with many noting the exceptional job the new company is doing.

We also asked for their perspectives on improving waste reduction and diversion efforts, their interest in gardening opportunities, and what they would like to see in future newsletters. Their responses have provided us with invaluable insights into their preferences and priorities, helping us better serve our community.

This exercise is incredibly valuable for our team as it ensures that our residents' voices are not only heard but also integrated into our ongoing efforts to enhance community living at HOTT. Thank you all for being a vital part of our community and for your participation in making HOTT a place our residents are proud to call home.
